Coming Back From a Break

By: Morghan Fuller

Transitioning from a fun filled, relaxing break can be challenging. You went from having tons of free time to a very strict and packed schedule. It can be very tempting to miss class or put off doing homework. These basic tips will help you get off on the right start or help you get where you need to be:

1. **Get involved on campus.** Getting involved on campus will help you make friends and give you fun things to do in your free time. There’s tons of organizations available all over campus waiting for you to join them!

2. **Set a schedule.** Getting into routine will make getting up and going to class easier. After time it will start to feel natural and won’t feel like a chore. Waking up at the same time every morning will be a huge help!

3. **Have a support system.** Build a friend group to help each other with homework or just to make sure each other is getting their work done. You can also talk to professionals around campus and tutors to stay on track. EKU is full of people willing to help you be successful!
